ProtestPP Mission

ProtestPP is a coalition of pro-life groups calling for a National Day of Protest on August 22, 2015 at Planned Parenthood facilities all across America. Our goal is to raise awareness of the heartless and even illegal activities of Planned Parenthood by going to where the killing and harvesting of body parts from aborted children takes place. **The four main sponsors are:**

**Created Equal,
Pro-Life Action League,
40 Days for Life, and
Citizens for a Pro-Life Society.**

Creating a presence at neighborhood Planned Parenthood facilities is essential to inform the public about what is going on behind closed doors. Local sidewalk counselors and activists are a key component to shutting down Planned Parenthood in the long term.

The National Day of Protest will strengthen local efforts by raising their profile with the local press, the community and other pro-life activists. Together, the protests held on August 22 will put pressure on the media, both local and national, to report the truth about Planned Parenthood, and on government officials to stop funding this discredited organization.
